This is a new place for Idli lovers on porwal road..... they serve big sized Idli and it is super duper soft or I can say the softest idli i've had in Pune till now chutney and sambar is also really good and authentic. They also have ghee podi idli which looked tempting but will try it next time.

Thanks for rating us sir and we are really happy that you liked the Thatte Idli. We try to use the best ingredients and give our customers the best product. We are going to start with Bangalore style Masala Dosa and Dosa with curry soon.....will update soon. Thanks visit us again.
